

LEARNING TOGETHER >>>

Dear Parents, Asalaamu Alaikum

As the principal of this school, I welcome all of you to Al Siraat College. Alhamdulillah as a mother of five, and a primary school teacher, I know and appreciate the value of a good education. A good school education begins when a child's school experience is a positive one. Children have to feel good about themselves and their surroundings in order to enjoy learning. The enjoyment of learning is a top priority at Al Siraat College.

Our entire staff is excited to commence the foundation year. There is much planned for the year including exciting art and sport programs as well as an innovative approach to Australian schooling. As we began with a relatively small population, we welcome accepting you into a close knit community where the entire student body, parents and staff have an opportunity to learn many new and rewarding things together. The staff and I are eager to collaborate with all the families and children to create a welcoming, nurturing, exciting, learning environment.

I feel that our special literacy curriculum and hands on approach to learning are the best and most effective forms of learning. I believe that one must teach a child holistically; taking the whole child into consideration, I believe in village teaching that it takes the home and the school working together to raise a child. I believe that if your child likes school, has success at school, and is involved in his learning activities, he/she will have a rewarding, positive, and successful school year. I want your child to realise that learning is a natural process and that the key to a happy and productive life is found in a successful education, both secular and religious.

We believe that a strong partnership between our school, each classroom and home is critical to student and school success. We encourage and invite you to participate and volunteer in our school. Without the support and involvement from parents and families we would not be able to achieve our dreams. Working together and indeed 'learning together', enhances the caring school environment that makes our school so special.

My office hours are flexible. However, at times I may not be in my office or I may be in a meeting or taking an Islamic Studies class, so you will need to make an appointment in the office for us to meet. Please remember that if a difficult situation arises, please know that I will always do my best to resolve the situation with your child's best interest at heart.

Welcome to Al Siraat College! Let's see to it that our children's future begins with small, but steady steps.

Wasalaam
Mrs Rahat Arain
School Principal
